Common Sense.

Talk with Women.

If a person is ill and needs a medicine it is not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit.

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This seems to us very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Takes for instance Lydia E. Pinkham's Vegetable Compound for thirty years its record has been one of broken chains of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be bad, and are really harmful; while on the other hand it is easily proved that over a million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonials letters than have ever been published in the interest of any other medicine.

It should, and does, produce a spirit of confidence in the hearts of women who are difficult to convince, and when they are asked to take something they say, "No, I will wait." Lydia E. Pinkham's Vegetable Compound, which has been tried, and never found wanting, whose reliability is established far beyond the experimental stage.

We have thousands of letters like the following addressed to Mrs. Pinkham, showing that:

Monthly Suffering is Always Cured by Lydia E. Pinkham's Vegetable Compound, also Backache and Bearing-down pains.

"I suffered untold agony every month and could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss John Sauter, Denver, Mich.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spalls which would sometimes come on at any time, and were very distressing, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods, confining me to my bed for several days. I had tried many remedies, but none gave me any relief. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in the highest terms to all who are afflicted with these troubles."—Miss Rosa H. Haines, 120 W. Cleveland Ave., Canton, O.

Two Letters which Prove that Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Female Weaknesses.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would grow on the womb, and I was confined in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to surgery. I had heard of Lydia E. Pinkham's Vegetable Compound, and I decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get strong and healthy, and am as well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Vegetable Compound."—Mary A. Stadel, Watonsville, N. Y.

"After following the directions given in your kind letter for the treatment of leucorrhoea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends."—A. B. Davis, Binghamton, N. Y.

Another Case of Womb, Kidney and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after I was laid up, I was confined to my bed. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble, and I was so weak and sore, and my right arm was badly affected, and everything I ate distressed me, and there was a bad discharge.

"After following the directions given in your kind letter for the treatment of leucorrhoea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends."—A. B. Davis, Binghamton, N. Y.
